

# YWPDK

## REGIONAL REPRESENTATIVE POSITION

*YWPDK is looking for engaged members to become more involved in the organization and contribute to activate the network across Denmark. We seek area representatives - one for each of the major cities in Denmark: Copenhagen, Aarhus, Aalborg, Odense and Esbjerg/Trekantsområdet.*

### ROLE

As a Regional Representative of YWPDK you will be the connection between the Country Chapter Steering Committee (CCSC) and the members in your area. YWPDK's ambition is to activate the network all over Denmark, and therefore we need you to keep the members in your area informed and proactive.

YWPDK also needs you to communicate information from your area to the CCSC. You will contribute in bringing in the members' ideas, opinions, doubts or ambitions that will help the CCSC to shape the network and adapt it to the needs of the members.

We expect that you will be involved in the organization of 2-3 regional events per year as a minimum. Among them, one will be the annual YWPDK bike ride (see [ywp.dk](http://ywp.dk) for information about last year's bike ride in Copenhagen). The expected workload will vary throughout the year, with peaks during the event organization.

### RESPONSIBILITIES

- Keep yourself informed about the network activities, events, conferences, assemblies, etc. Spread the word among the members of your area about the latest updates
- Arrange local events in collaboration with the CCSC, and YWPDK volunteers. You will get help and information about how to organize an event from the CCSC event coordinator.
- Represent YWPDK in local activities such as university or job fairs, conferences etc. together with other active YWPDK members in your area.
- Encourage the participation of members in your area also in activities taking place elsewhere, to help strengthen the links between members across the country.
- Promote the participation of members in your area in national events organized by YWPDK, such as the annual General Assembly, conferences, etc.

### WHAT'S IN IT FOR YOU?

- a strong network within the water sector across Denmark
- direct involvement in the overall planning of the YWPDK visions, missions and activities
- a chance to define the role of YWPDK in your region
- a platform to grow your leadership and organizing skills

Currently, most of our members are located in the Copenhagen area. We need to ensure that YWPDK is attractive for members all around Denmark - we need your help to ensure our local anchoring! If this sounds like a task for you, please send us a short motivation letter to [volunteer@YWP.dk](mailto:volunteer@YWP.dk). We look forward to hear from you!
