

## HOW TO CONTRIBUTE

YWPDK is on a limited budget primarily funded by the IWA Danish National Committee and the organizations represented in the Country Chapter Steering Committee. You can help YWPDK grow and evolve by contributing to our work. By contributing, you will have your logo displayed on our standard presentations, folders, website, etc. For more information please contact our treasurer at [treasurer@ywp.dk](mailto:treasurer@ywp.dk).

You can also join us on LinkedIn and visit our website [www.ywp.dk](http://www.ywp.dk). Here you will find information about the network and future events.

## WHO WE ARE

Young Water Professionals Denmark (YWPDK) is a newly started network for everyone under the age of 35 working or studying within the Danish water sector. YWPDK is an independent subcommittee under the International Water Association (IWA).

*YWPDK Country  
Chapter Steering Committee*

**Y**WP gathers a remarkable group of students and professionals ranging from social-, natural-, and engineering sciences, policy makers, scholars and practitioners. Today YWPDK holds members from public and state organizations, interest organizations, utilities, universities and consultancy companies. We have diverse academic and cultural backgrounds and varied type and length of experience in the Danish water sector. Together we form an interdisciplinary and interorganizational network for and by YWPs in Denmark.

If you are under the age of 35 and working in relation to water in its broadest sense, then YWPDK could be a place to grow your professional network, gain new knowledge and help contribute to the water agenda of tomorrow!

## OUR MISSION

- Create and maintain a network for young people studying or working within the water and waste water sector
- Become a discussion platform for young professionals from different technical and academic backgrounds
- Contribute to the development of the water industry by improving career opportunities for young water professionals
- Connect actors within and across the water sector to secure knowledge exchange and innovation
- Organize social and professional events in order to strengthen the engagement of young water professionals and to stimulate the interest of new ones
- Help influence and develop tomorrow's water agendas at all levels

## HOW TO JOIN

YWPDK aims to become an active and member driven network. Membership of YWPDK is free of charge for all water professionals under the age of 35 residing or working in Denmark. Please sign up on our website [www.ywp.dk](http://www.ywp.dk).

We welcome all new members and new ideas. If you wish to become an active member influencing the activities and agendas of YWPDK, please contact our volunteer coordinators at [volunteer@ywp.dk](mailto:volunteer@ywp.dk). We can't wait to hear from you!
