

Feel invited to the

4th YWPDK Conference

08-09 March 2018

Kalundborg Forsyning & Frederiksberg Forsyning

Dear Young Water Professionals,

We are proud to send out the invitation to our 4th YWPKD Conference 2018!

Following the same line, as in the previous successful years, this year's program will contain technical talks, workshops and soft skill training, as well as excursions to sights of interest. Additionally, the program has plenty of room for socializing with your fellow young water professionals.

New for this year is that the conference is hosted by two utilities in different parts of Denmark namely Kalundborg Forsyning, which will be our host the 8th and Frederiksberg Forsyning, which will be our host the 9th of March 2018.

We are looking much forward to our 4th conference, when the YWPKD once again will be exploring new knowledge, while enjoying each other's company in the continuously growing network of YWPKD.

See you all very soon!
